

The Squeaks Foundation

Annual Report 2017

Message from the Board of Trustees

London, December 2017

Dear all,

2017 was an exceptionally busy and crucial first year for The Squeaks Foundation. We recruited six incredibly talented trustees with a broad range of professional experience and excellent academic backgrounds. We successfully obtained U.K. charity status, set up our financial backbone and website, and travelled to Pakistan several times to onboard two highly reputable institutions – Khyber Girls Medical College and the Ghulam Ishaq Khan Institute of Engineering, Sciences and Technology. Without a formal funding campaign, we raised close to £5,000 from friends and family, which will set us up for the start of our operations in 2018.

We are extremely thankful to everyone who has supported us, directly and indirectly, through this intense and sometimes challenging process. We also thank both KGMC and GIK for depositing their trust in us and our mission to advance female education in Pakistan.

During 2018, we plan to onboard the first class of scholars at Khyber Girl Medical College for the school year of 2017/18. These students are currently being vetted and will be interview during January 2018.

The GIK MoU has recently been signed and we will hopefully receive candidates for the year of 2018/19. 2018 will also be an important test to the robustness of the operational set up we have put in place.

We are excited to start the program and look forward to reporting back at the end of 2018.

On behalf of the entire team, thank you for your invaluable support.

Best wishes,

Ana Castro Henckel
